Profile

Jervis B. Webb Company Ltd. was formed in 1968 as a wholly-owned subsidiary of Jervis B. Webb International Company for the purpose of introducing the Webb Company's extensive product line, as well as its expertise in engineering complex "turnkey" handling systems to the European market.

For nearly 40 years, Jervis B. Webb Company Ltd. has been designing, manufacturing and installing conveyor systems for material handling applications ranging from simple, continuous-chain delivery conveyors to complex finishing, automated assembly systems to baggage handling systems.

Jervis B. Webb Company Ltd. recently completed major projects for BMW Oxford, Landrover and Corus Steels.
